🗂 PROFILE

Meticulous web developer with 3+ years of front-end experience. Passionate about responsive website design and a firm believer in the mobile-first approach. Implemented a new responsive website strategy that increased mobile traffic by 20%. Proficient in HTML, CSS, JavaScript, jQuery, Angular, React, and Django. Eager to continue learning and expanding my skills in web development.

📁 PROFESSIONAL EXPERIENCE

Knoldus Inc, Software Consultant

July 2021 – July 2022 | Noida, UP, India

My role here is to design and develop frontend of the webApps and Websites. I have experience making portals and microsites for brand promotion of clients.

Applere technology, Angular developer

July 2022 – November 2022 | Noida, India

Gojoko technologies, Software Engineer - UI

November 2022 – present | Noida, India

As a UI Software Engineer at Gojoko Technology, I optimized performance of our Angular app using accessibility and performance best practices, reducing the build size by 50%. I improved the website's SEO with advanced Angular concepts like SSR and PWA. I introduced the Tailwind CSS framework to the team.
